A BIRDS' EYE VIEW OF PLYMOUTH ROCK.

"Funny about the Plymouth Rock!"

"What?"

"It's name has been stolen and tacked on roosters that don't belong to the family." The Barred and White Rock are the only real Rocks.

"Now you're kidding," cries a crank. "There are the Silver Pencilled, Partridge, Columbian and * of Rocks."

"Yes, and not a drop of Rock blood in any of them." Partridge and Columbian are simply single comb

concoctions.

There is no Rock blood at all. The birds have simply been selected and bred to resemble Rock type and are only adopted or honorary members of the Rock family.

In breeding Barred Rocks there are few strains that do not show black

feathers occasionally. That's simply reversion to ancestry. It was way back in 1847 that the Barred Rock originated in a cross of the American Dominique and Black Java. Our veteran readers will remember when the "Dominique" was all the go.

The Dominique has a rose comb, is barred like the Rock, but in style is built much like the original Dutch Hamburg, from which in part it is said to have descended. Twice as large, it has the Hamburg's wonderful egg capacity and is a finer table bird.

The Black Java was very popular "before de wab." Today it is a large, long bodied, single comb bird, in style midway between the Barred Rock and Langshan, known for fine flesh and quality and quantity of eggs. Such a combination of bon ton blood produced the Barred Plymouth Rock, which, in the hands of skillful American specialists, has achieved a fame as wide and we trust, as enduring as old historic Plymouth rock, from which it is named.

Don't expect the impossible from moulted stock. To get ahead ride a thoroughbred.

Don't be prejudiced against a method because you didn't originate it and don't want a thing, a false because another is making a success of it.

FEATHERS AND EGGSHELLS.

"From nothing, nothing comes," should be written on the henhouse where poor birds are mated for breeders. Let some other fellow try it and be convinced.

A "rot and spot" was thrown through a cardboard (Pa.) school window and smashed on the blackboard. School was at once dismissed and the windows left open Saturday and Sunday to air the place. This is no egg-savagery.

Oats is one of the best summer feeds. It is a cool ration. It is a bone and muscle builder for young stock and a fat for hens. The wise feeder always lays in a good stock of oats for spring and the heated period.

Stunted and smothered chicks result from crowding. To keep them from piling up in the corner of that brooder turn on more heat and they'll soon scatter.

A four-year-old boy entered his father's chicken coop and after a fight succeeded in wringing the necks of nine prize winning White Wyandotte roosters. His father, a Hollidaysburg (Pa.) cop, is studying whether the boy will be a pugilist or a preacher.

In feeding raw cut bone to chicks pass it through the fingers so they get no splinters, and in deciding the quantity remember it is a substitute for bugs and worms. Chicks get few of these at a time, so feed sparingly.

It is always wise to look around home for stock before sending elsewhere. You see what you are getting, save freight and often pay less. Yes, "there is no place like home." Put that down.

It is the best plan to move your chicks often and as they grow larger to increase the size of their pens. Fresh ground and roomy, clean, well aired quarters are great factors to success.

Open water vessels are seldom seen now. They are microbe breeders. Many stores carry a stock of clean chick service at a low price. In these the water keeps clean and sweet.

Examine your male breeders before the season is in full swing. They are such gallant fellows and often so devoted themselves for the hens as to be thin and unfit to fertilize eggs. Feed them alone once a day to make sure.

When the cheap egg season is on buy fresh eggs from a responsible egg farmer and put them down in water glass. One part glass to fifteen parts water is a proper solution. You can then use so to the fellow who complains about the awful price of eggs.

A variety of food is the spice of life for quacks, humans included.

Nine tons of liquid eggs were found in the possession of a Jersey refrigerator company and were dumped into the Atlantic. They were filthy and decomposed. What a tribute to Neptune!

Miss Florence Wixwell was the guest of Miss Elvire Zeigler on Sunday.

AFTER DOCTORS AND HOSPITALS FAIL Matusow's Nulfe (Tablets) Quickly Cures. HERE IS PROOF: PARALYSIS.

Mr. Joseph Bender, 212 Franklin street, Chester, Pa., under date of February 15, 1911, writes: "About two weeks before last Christmas I was stricken with PARALYSIS while walking along the street. I was struck speechless and my right eye, left arm and both legs were affected. I was treated at home by my physician for two weeks, without obtaining relief. I was then advised by my doctor to go to the hospital, where I remained five weeks. At the end of that period my condition being about the same as when I first went to the hospital, I hesitantly went home, seeing an advertisement of MATUSOW'S NULFE (TABLETS). I purchased a bottle on Tuesday, February 1. The relief was instantaneous. By Thursday I regained my speech. Before I finished the first bottle I could see and speak as well as ever. On my right arm and walk fairly well. I am now on my third bottle of the medicine, and tomorrow (February 16) I AM GOING TO WORK. I have never used any other action of your medicine. It was quick and effective and I cannot too strongly recommend it to sufferers from RHEUMATISM or PARALYSIS."

RHEUMATISM.

Equally strong is the letter of Mr. Joseph B. Campbell, secretary of the Duncan-Spangler Coal Company, 1414 South Penn. Ave., Philadelphia: "I was suffering some months ago from a severe attack of RHEUMATISM and could get no relief from my physician's treatment. A druggist recommended MATUSOW'S NULFE (TABLETS), and I am glad to say that I quickly secured effective relief. Within a short time I was able to resume my work at the office. I have recommended this medicine to a number of my friends, and I am glad to say that they have had results as pleasing as were those obtained by me."

This Remedy Cures

Rheumatism, Gout, Paralysis, Liver, Kidney, Stomach, Bowel and Bladder troubles and helps Locomotor Ataxia. It PURIFIES THE BLOOD AND REGULATES THE NERVES. MATUSOW'S NULFE (Tablets) is sold and recommended by Walter Rothwell, the well-known druggist of Haddonfield, Pa., and by all up-to-date druggists; also for sale (or by mail) at the Nulfe Laboratory, 28 Columbia avenue, Philadelphia. TIMELY RECIPES

SPINACH SALAD.

Wash, boil, drain, and chop the spinach. Prepare a French dressing with four tablespoons of olive oil, a half teaspoonful of salt, a dash of pepper and one tablespoonful of vinegar. Mix with the spinach, add in tiny cups or in any individual mold, and set on ice for an hour or two. Then turn out and serve on lettuce leaves with mayonnaise or a French dressing.

ESCALOPPED ASPARAGUS.

Mix a tablespoonful of butter and one of flour, add a half cupful of cream, cook until the mixture thickens. Beat six eggs, stir in, but do not let come to a boil, season with salt and pepper. Butter a pudding dish, put first a layer of the sauce, then a layer of cooked asparagus until the dish is nearly full. Cover the top with froth of white of the egg, then with grated cheese. Bake in a moderate oven and serve hot.

STEWED RHUBARB.

When very young and fresh the skin is thin and tender, so that occasionally peeling is unnecessary. At the base of each stalk, as it is pulled from the root, is a tough white end, from one to two inches long; this should be discarded, as it is quite bitter. The lower half is frequently decked with a reddish color; where the skin can be retained this pretty tinge is imparted to the sauce, giving a pleasant change in appearance. As the stalks become older they must be peeled; this is best done by loosening the skin at the lower end and pulling it off in long, thin strips. Cut the prepared stalks in inch pieces and it is ready to use. At least one cupful of sugar will be needed for each quart of cut fruit—frequently this may prove insufficient. Put fruit and sugar in a sauce of porcelain-lined saucepan, add about a tablespoonful of water to start the syrup, cover and stand over a slow fire until the sugar is dissolved and the fruit tender but not broken. Hard boiling will quickly disintegrate the rhubarb, giving a stringy mass which is by no means as inviting to the eye or palate as the tender pieces in a clear syrup.

WINS INDIAN BRIDE IN WEST

Lansdale Man Meets Sioux at Carlisle—Weds in Norristown.

A romance, which had its beginning at the Carlisle Indian School and reached to the prairies of South Dakota, had its last chapter in a paragon in Norristown Saturday, when Miss Daphne Wagoner, a Sioux maiden, became the bride of Howard F. Quay, of Lansdale. The young bride, who is 19 years old, is a graduate of the school at Carlisle, and it was there last summer that Mr. Quay, a young business man, met her.

Last fall, Quay making a business trip through the West, arranged to visit the young Indian girl at her home, the C-7 Ranch near Morris town, S. D. Quay remained there for a couple of weeks and they took long rides over the mountains, and on one of these trips the Indian girl promised to become the white man's bride. The bride's parents are descendants of tribal chiefs and owners of 3500 acres of prairie land.

Miss Wagoner left her Western home alone, a few days ago, to come East, and at Norristown she was met by Mr. Quay Saturday morning and shortly after they were married by the Rev. H. E. Hoddler in his parsonage.

MILLIONS IN RUBBER

J. Elwood Lee Has Purchased the Lee Rubber Plant in Conshohocken.

One of the most important business deals ever transacted in this county has just been closed. J. Elwood Lee has just completed the purchase of the entire business of the J. Elwood Lee Company, including the old mill at Eighth avenue and Harry streets, Conshohocken, for one million, five hundred thousand dollars (\$1,500,000), and takes possession as of April 1, 1911. Mr. Lee will take steps at once to organize a new company, to be known as the "Lee Tire & Rubber Company." This company will have a capital stock of two million dollars (\$2,000,000). Mr. Lee will be the president of the new company and shall control it absolutely, retaining a majority of its stock.

VOTES FOR WOMEN

Bucks County Equal Suffrage Association Meets.

The fourth annual gathering of the Equal Suffrage organizations of Bucks county convened at Richboro, on the thirteenth of May, with Miss Father B. Justice, of Langhorne, president; Mrs. Mayd-Rice Stuckert, of Newtown, secretary; and Mrs. H. VanArsdale, Ivyland, treasurer. Among those who contributed music to charm the audience were Misses Mabel Cooper, Margaret Davis and Laura Scott; William Scott, Rev. H. R. Purbeck, Jos. A. Addis, Mr. Hooley, Mr. Yoder, Rev. O. J. Randall, Mrs. O. J. Randall. There was a fine address by Miss Mills, of Syracuse, N. Y., good paper by Mrs. Fannie Hellyer, of Penn's Park, a recitation, "No Occupation," by Mrs. Ella M. Tomlinson, Wrightstown; with short talks by Mrs. Frank VanArsdale, Miss Justice and others. Mrs. Anne M. Orme, of Wayne, State vice president, discussed the new woman suffrage party, which simply enrolls those who are in favor of votes for women, and requires neither meetings nor dues.

A charming feature of the afternoon was the display of decorations, and Margaret Mallantott, three years old, was crowned by falling into a tub of water in the yard of her home in Conshohocken.

After a prolonged illness Mrs. Mary A. Good widow of James E. Good, died on Friday, April 13th, aged 79 years, at the home of her son-in-law, George Gerhart, New Britain.

Misses Bessie and Edith Border, of the Philadelphia Orphan Asylum, were painfully injured, Saturday, in a runaway on the Lumberville road near their home. Bessie, a twelve-year-old, was badly bruised.

Rev. Scott R. Wagner, of Riegelsville, and Mrs. John A. Merz, of Durham, have come to Canton, Ohio, to attend the triennial sessions of the Women's Missionary Society of the Reformed Church in the United States and are representing Tobikon, "classis in the convention."

Mrs. F. B. Evans, of Gowen avenue, Mt. Airy, was run over by a delivery wagon at Twelfth and Filbert streets, Philadelphia, last Saturday. Her left leg was broken in two places. She was taken to the Hahnemann Hospital, and it is possible that owing to her advanced age—the was 75—the limb may have to be amputated.

Mrs. Catherine Logan, of Southampton, pleaded guilty in Doylestown court on Monday to the charge of assault and battery but said that she attacked the prosecutor, Emil Bachman, to protect the honor of her daughter. The attack, however, was made five months after the alleged offense. Mrs. Logan was held under recognizance of \$500 to keep the peace.

Miss Anna Jarvis, of Philadelphia, founder of Mother's Day, gave a five-minute address to the First Presbyterian Sunday school in Norristown last Sunday. She was presented with a bunch of carnations by the Sunday school. Judge Swartz of the Montgomery County courts, for many years, superintendent of the Sunday school, also made an address on "The Influence of Mothers."

Margaret A. Mellenzer, of Germantown, for years a teacher in the Andrew G. Curtis Public School, Germantown, had the interest of the school in mind when she drew her will. She executed an estate valued at \$4,000, to be used by William E. Meehan, in the best interest of school work, according to his judgment. She gives a collection of fossils, shells, minerals, vegetables, wood, mounted animals, birds, fish, pictures, etc., to the Curtis School.

A record of 50 years of Sunday school attendance, and missing but two Sundays in all of those years (and that due to death in the family) is the remarkable history in faithful attendance at Sunday school of Miss Sarah Ann Wale, of North Wales. She is one of the three surviving charter members of the North Wales Baptist church, which is celebrating its fiftieth anniversary this week. She is now in her seventy-fifth year, and is taking great interest in the fiftieth anniversary exercises of the church.

The Friends' Association, at Newtown, Bucks county, cleared about \$100 at a charity supper.

The Montgomery County Sunday School convention will meet in a two day session, in Bethany Evangelical church, this borough, on May 25 and 26.

It is pretty hard to convince a boy that during his idle time he should read good books.

Don't try to induce a man to do that which he doesn't want to do; he won't do it, and will hate you besides.

When a man makes one mistake, he usually follows it up with three or four before he recovers his balance.

Indigestion and Stomach Troubles are common ailments in most families. In fact, they often prove to be serious ailments. There is no occasion for either one of these ailments if you have Dill's Pills handy. Thousands of people are being constantly cured of the two above mentioned ailments by using Dill's Pills regularly. Don't start to use them at once, and you will soon learn of their wonderful effectiveness. At all dealers.

Health For Line Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can not thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me." Mrs. John Wentland, R. F. D., No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

The little daughter of Mr. and Mrs. W. W. Russell, who have been boarding at Moore's hotel, was taken ill this week and on Thursday, Dr. Carr pronounced the case scarlet fever. It was at once decided to isolate the case, so a room was taken in an unoccupied house across the street, where the child and Mrs. Russell are duly under quarantine. Their many friends hope for a speedy recovery.

The Wilson-Wayne vandervell, moving picture and trained animal show have been giving exhibitions this week on the base ball grounds under a large tent for the benefit of the Enterprise Fire Company. The series of shows will close this Saturday night. They come here from Glenside and Edge Hill, where they exhibited for the benefit of the fire companies of these places. Wayne Schaffer, a former Hatboro boy, is one of the managers of the company.

During leisure hours and before and after the store was opened for business Jesse B. Westcott built a cabin for his motor boat which is on the Darby creek above Chester, Pa. This cabin was built of light material and is 11 feet long and 6 feet wide, and will be placed on his boat, which contains the engine taken from the first automobile owned by Mr. Westcott.

Many people were astonished Thursday to see this cabin on the rear of Elias Krewson's truck, when he hauled it from Hatboro to a point on Darby creek above Chester.

HATBORO HOME HAPPENINGS

IMPRISONED FOR DEBT

Hatboro Man Locked up Because He Could Not Pay—Soon Released.

The theory that imprisonment for debt has gone out of existence was shattered this week, when Albert Buckley came here Wednesday morning and arrested Edward Hartwick, residing on New street, and took him to Norristown and locked him up.

Hartwick is an auctioneer. He was in the habit of taking jewelry from L. P. White, in Philadelphia, and holding auctions in various places. He did this for a number of years. Recently he held such a sale at Hatboro.

Last year he claims while he had some of the jewelry at his home awaiting the time when he would return it to White, burglars entered and robbed him of it and some silverware of his own. The amount taken he claims amounted to several hundred dollars.

Not being able to make good White brought suit against him. Judgment for \$368.51 was obtained against him and as he did not satisfy the judgment he was taken to Norristown on a capias.

He was kept in the office of the Sheriff awaiting the arrival of his attorney, but as the hope of fixing up the matter, but as Press Sizer, attorney for White, was absent from town, nothing could be done and at noon Hartwick was taken over to jail.

Later Hartwick was released and allowed to return to his home.

WILL PAY THE \$5.

Joseph Runkle, who has been in Doylestown jail since October 2, 1910, was brought into court at that place on Thursday and ordered to pay \$5 a week toward the support of his wife and was held under \$200 in his own recognizance to insure payment.

Runkle is a blacksmith and said that he would rather pay the \$5 than be in jail. He formerly resided here and married Martha Wood. His wife and child now reside at Southampton.

Among them are copies of the Treston Emporium 1824 and 28, Philadelphia Ledger 1836, the Branch, Norristown, 1853, Somerville N. J. Whig 1844. These papers contain articles and advertisements that seem curious from the standpoint of the present day.

The Hatboro Motor Club held a meeting in the Borough Council chamber on Thursday night. Several new members were elected. W. W. Wilson and C. J. Stover were appointed a committee to go before Borough Council and ask them to modify their ruling regarding automobiles. Many suggestions were made. It is the object of the automobile club to aid Council in any way possible to come to a decision which will be satisfactory to council, taxpayers and automobile owners.

HATBORO HOME HAPPENINGS

(Continued from Page Seven)

TEACHERS RE-ELECTED.

The School Board of Hatboro held its monthly meeting last Monday night. S. J. Garner, long a member of the board and its president, tendered his resignation, because of ill health. The vacancy will be filled by the directors at a future meeting. Teachers were elected as follows: Principal, Elmer H. Carl; Miss Emma L. Jones, Miss Minerva S. Well, of Newtown, was elected as primary teacher and teacher of drawing. This leaves the position of music teacher and teacher of third and fourth grades vacant. The teachers leaving are Miss Wilson, who expects to be married shortly; Ed M. Gettel, who has already given up his position.

Only ten days till Memorial Day. R. C. Godfrey has purchased an automobile.

Harry Hoffman is having his porch repainted.

Cement steps have been placed in front of the M. E. parsonage.

Mrs. Grant Clayton is confined to her home, suffering with pneumonia.

John Kuehn has rented the house over the D. & R. garage and is moving in.

Harry Butterworth, of Philadelphia, was a visitor in the borough on Sunday.

Note the new card of J. Starrett, the Moreland avenue shoeman, on this page.

Mrs. S. H. Jarrett and Miss Elmer Morgan will entertain The Neighbors on May 27.

Mr. and Mrs. Penrose Robinson spent from Saturday to Monday afternoon at Atlantic City.

Mr. and Mrs. J. A. Puff and Mrs. Puff's brother took an automobile trip to Parkland on Sunday.

Samuel Wall purchased several fine steers from I. Newton Plunney, which he will dress for his patrons.

The Ladies' Aid Society of the M. E. church was entertained by Samuel Gehman and wife on Friday evening.

A number of Hatboro young ladies were entertained on Saturday last by Miss Elsie McKinstry, of Doylestown.

Howard Jarrett is having his residence on Moreland avenue, repainted.

Harry Watson and force are doing the work.

The initiatory degree will be conferred upon one candidate by Loller Lodge of Odd Fellows on next Tuesday night.

Joseph Brown, Jr. has put down substantial concrete steps and walks about his father's property on Byberry avenue.

Russell Pluck, son of Eli Pluck, is critically ill at the home of his parents, on Montgomery avenue. The family have the sympathy of their many friends.

The Jones shoe store has received a fine lot of summer shoes, especially adapted for ladies and children, of the latest styles.

Elsie M. Flavell has returned to her home on Moreland avenue, from a private hospital where she had undergone an operation for appendicitis.

The Social Union of the Baptist church was entertained at the home of Edwin Ritchie last Monday evening. A very pleasant time was had.

Mr. and Mrs. Elvira Vansman, of Leesburg, N. J., spent Friday and Saturday as the guests of W. L. Potter and bride. They are Mrs. Potter's parents.

C. E. Goessler has replaced a picket fence by a privet hedge, and resodded the lawn at the south end of his hotel, making an improvement on our main street.

As the time for the final settlement of the 1910 tax duplicate is approaching, the tax collector with the assistance of the Constable, have been putting forth strong efforts to get all the remaining taxes collected.

Mrs. Lohman, of Chatta, New York, is visiting Mr. and Mrs. Charles Miller, of Moreland avenue. Mrs. Lohman is a half sister of Mrs. Miller and they had not seen each other since they were babies until their recent meeting.

C. J. Stover has been promoted to the office of department manager of the Asbestos Shingle department of Keasby & Mattison Company, at Ambler.

Mr. Stover has been with this firm for several years and this is a very substantial promotion.

John S. Mason, real estate broker, has sold for Elizabeth S. Roessler, her property containing about two acres, with buildings, located at Davis Grove, known as the "Davis Grove" store property, to Joseph O. Ritter on private terms. The new purchaser will take possession in the near future.

The wife and little girl of Rev. J. Purman Shook, pastor of the M. E. church, were early in the week taken ill with symptoms of diphtheria. The attending physician reported the cases to the Board of Health and the house was placarded. Mr. Shook is staying elsewhere. The Shooks recently lost a son after several weeks illness. They have the sympathy of a large circle of friends.

C. C. Moore has had an old wall in the rear of the shed at his hotel replaced by frame. The wall was connected with an old ice-house, which was torn down several months ago.

Miss Rachel Jarrett last Sunday evening entertained by giving a 500 party. The evening was pleasantly spent with cards, music and refreshments. Favors were awarded Miss Ella Buckman, Miss Angie Jones, Harry Shaffer, and Dr. Frank Lentz.

Langhorne's new public building will be formally opened in the near future.

Miss Amy Walton was the guest on Saturday and Sunday of Miss Louise Milnor.

John Curley, of Glenade, was in the borough on Tuesday. He has a fine farm east of Hatboro.

The Acorn Club will be entertained by Miss Blanche Downie at her home this Saturday afternoon.

The outside plastering work on the M. E. church addition is being finished. The building has been in use for some time.

Mrs. Charles Watson and daughter, Mildred, spent a few days this week at the home of Edwin Ritchie and daughter, on Depot street.

The Baptist church, was entertained at the home of Martin Raab, last Saturday evening. A social followed, which was attended by about forty young people. The evening was spent with music and games. Elegant refreshments were served. All expressed themselves as having had a delightful time.

Mrs. Hannum on Saturday last represented the Neighbors at the sixth biennial luncheon of the Woman's Club of Ardmore in the casino of the Merion Cricket Club, at Haverford.

The guests included representatives from the Woman's Clubs of Reading, Media, Norristown, Pottstown, Coatesville, Newtown, Langhorne, Wayne, Chester, Swarthmore, Malvern, West Chester, Wilmington, Philadelphia and other cities and towns.

The Philadelphia and Western Connecting the Lehigh Valley Transit Line With West Philadelphia Terminal—Will Bridge Schuylkill at Norristown.

The Philadelphia and Western Railway has obtained an option for the property of the Montgomery Traction Company for the purpose of making a connection between the Lehigh Valley Transit Company and the Norristown Transit Company.

By this line the Philadelphia and Western would have a direct route from 6th and Market streets to Allentown, at Chestnut Hill, for local passenger service. All express trains will be sent direct to 6th and Market streets, over the Lehigh Valley Transit line. Freight and express shipments also will be diverted from Chestnut Hill to the 6th and Market streets terminal. By the construction of a "Y" at Stratford the Philadelphia and Western is making direct connection with the Pennsylvania Railroad's Main Line freight tracks and when this is completed, next July, the two roads will interchange freight.

The trolley line, which enjoys friendly relations with the Pennsylvania, has an assurance that it will be given the freight that offers for its territory. This, it is explained, will greatly relieve the Pennsylvania of roundabout movement of cars to deliver merchandise in the western part of the city.

A loop is also being built from Stratford, which is the Philadelphia and Western's western terminus, to the Pennsylvania Railroad's passenger station at the same place. The plan is to provide for an interchange of passenger trains.

The expenditures which these improvements will cost are estimated at \$1,250,000, exclusive of the purchase of the Montgomery Traction Company's line, or the construction of a new line from North Wales to Norristown, if the negotiations under way are not consummated.

This sum will include the purchase of electric locomotives for the Philadelphia and Western. The Lehigh Valley Transit will continue its motor car equipment.

The Lehigh Valley Transit Company is spending \$350,000 to eliminate curves at Perkasie and Sellersville and on Lehigh Mountain. A saving of nearly 20 minutes, running time will be effected thereby.

It was decided by the management yesterday that the schedule time from the center of Allentown to 6th and Market streets would be two hours and 40 minutes.

In two weeks the Philadelphia and Western will have in service five automobiles of 50-horsepower capacity on its Valley Forge Park line. This service was established last summer, and the management found it necessary to obtain additional equipment on account of the increasing traffic.

Langhorne's new public building will be formally opened in the near future.

The Bell Telephone Company is building a direct line from Doylestown to Easton.

At the spring meeting of the Bucks County Historical Society in Menlo Park, Pa., on Tuesday, May 23, there will be an exhibition of Bucks county pottery, its manufacture from the clay to the finished article.

OUTDOOR POOR MONEY WASTED

Controller Jacobs Thinks County Bounty is Abused.

John N. Jacobs, of Lansdale, the new County Controller, has caused a sensation throughout Montgomery county by halting the payment of \$10,000 yearly by the Poor Directors of the county for outdoor relief.

Mr. Jacobs is of the opinion that there are many persons in the county receiving relief who are able to support themselves. Some startling revelations have already been made, it is claimed, as the result of a personal investigation, which has caused the Controller to recommend that the directors of the poor meet once a week instead of once a month, as previously, so that they can keep in closer touch with conditions.

In one instance, near Sunnyside, the Controller finds, an aged member of a household is being given several dollars a week from the county funds for maintenance, while living with kindfolk who receive the money in the name of board.

Another investigation developed the fact that this family, who thus claimed county aid, had recently purchased a piano, the weekly payments on which correspond to the amount of the relief order.

Mr. Jacobs was for years one of the best financiers in the eastern part of the State. He was appointed Controller by Governor Tener two months ago, and has just got down to business.

A man seldom gets to the front by going back on his friends.

The undertaker usually manages to carry out what he undertakes.

Even a homely girl believes a man when he tells her she is beautiful.

LADIES ENTERTAINED.

The final meeting preceding the sum-
mer season of the Neighborhood Club
was held Monday evening. The event
was a "Ladies Night" at which the
women were the guests of the mem-
bers of the Club, and nearly two hun-
dred residents of Jenkintown, Wy-
cote and Noble attended. The lec-
turer was Dr. Stanley L. Krebs, noted
lecturer and educator, who took as
his theme "Bouncing the Blues," and
while it was largely of the humorous
type was instructive. Preceding the
lecture the guests were entertained
with music and later with lunch.

Mrs. Frank Clark has recovered from
a serious illness.
Andrew Graham's house and barn
have been repaired.

Samuel H. High entertained a num-
ber of friends on Tuesday evening.

and Constable O'Neill attended Court
in Philadelphia on Monday.

Mrs. Houghling has rented one of
Laurel's new houses on Walnut street
and will move in on June 1st.

Edmund Craft has rented one of
Laurel's new houses on West avenue
and will move in on June 1st.

William Schwartz is carrying his
arm in a sling, the result of cracking
an automobile. A bone was fractured.

The Rally services of Salem Par-
ish church on Sunday was a success.
They raised over \$500 for the building
fund.

Elwood Craven has returned to John
J. Ragle's at Fort Washington after
spending winter with his daughter,
Mrs. David Bates.

Thomas L. Noble and Amy Grace
Laurie, who married on the 29th of
April at York, N. Y. and have re-
turned to their home here.

Mrs. John S. Newbold has closed
Trenton, N. J. and has moved to her
country place at Jenkintown.

Work has been started on six new
houses on the grounds of the Old York
Road Improvement Company, on Lenox
road, each house to cost about \$20,000.

The attendance at the sewing class
of the Jenkintown Day Nursery has
been about forty, and the work most
encouraging. The class will close
June 3rd.

Mrs. E. M. Boland has made many
improvements to her bakery. It has
been repaired, she has put down a
cement floor and a handsome iron
awning in front.

A good missionary address was de-
livered at the Baptist church on Sun-
day morning by J. A. Wright, of the
Philadelphia Baptist training school
for missionary workers.

John Wenzmaker has started to re-
build the Lidenbach house. He will erect
a very fine mansion, entirely different
from the architecture of the old house.
James W. Hall has a lot of men at
work digging the cellar.

Le Vergne Gardner, of Poughkeeps-
ie, N. Y., a prominent minister of the
Society of Friends with attend an ap-
pointed meeting at the Abington
Friends' Meeting, Fifth month, 23rd.

A cordial invitation is ex-
tended to all.
John C. Hunter, of Abington, and
A. K. Argue, of Jenkintown, are the
Commissioners of the Presbyterian
General Assembly from the Presby-
tery of Philadelphia, North, which
they left Atlantic City May 18th to
which they are accompanied by their
wives.

E. S. Jimison attended the 50th an-
niversary of the 23rd Pennsylvania
volunteers which was held in Philadel-
phia. There were 80 old members
present. Mr. Jimison volunteered in
1861, and served in the same regiment
for four years and four months.

"Squire Kirk visited Bristol friends
last Sunday. Rev. E. W. Rushton for-
merly pastor of our M. E. church, was
transferred to Bristol by the last Con-
ference. His flock now numbers 400,
and the Sunday school has a member-
ship of 490, with a primary department
of 111 and a cradle roll of 37. The
church was rebuilt in 1897 and cost
about \$50,000. Bristol is one of the
very old towns of the State. It has a
population of nearly 10,000.

CHURCHVILLE
Silas Walton has a very productive
truck and fruit farm.
Builder Frank Heston is very busy
with several building operations.

Mrs. Kier keeps her lawn looking
beautiful. The Lidenbachs and the
Wenzmakers are the guests of the
family at the attention of the party.

On Sunday, May 21st, services in the
Reformed church, Churchville, will be
conducted by the Rev. William A.
Schmalhorst, of Bridgeburg, Pa., in-
stead of by a student from the semina-
ry at Gettysburg, as was formerly the
case. Schmalhorst was formerly pastor of
the Neesham Presbyterian Church of
Warwick, Hartsville.

MARRIED IN ENGLAND.

Miss May Bourne, daughter of Mr.
and Mrs. E. B. Bourne, of New York,
was quietly married May 11, at St.
John's church, West Haverhill, Kent.
The bride was the daughter of J. A.
Straussburger, a former District At-
torney of Montgomery county.

The bride wore a white and Mrs.
Bourne, Miss Marion Bourne, sister of
the bride, and the bridegroom's
mother.

After remaining a few days in London,
Mr. and Mrs. Straussburger will
return to the States in the near future
for the celebration. Later they will
sail for America.

The bridegroom was formerly an
officer in the United States Army. He
graduated from Annapolis in 1905.

Thomas Shadlock, of Byberry,
spent several days on a fishing trip
in Sullivan county. He was with a
number of Philadelphia friends.

The Misses Blanche E. and Frances
M. Stout, of Ambler, spent Saturday
at the West Chester State Normal
School, as the guests of Miss Mary
L. Stackhouse.

Mr. and Mrs. Eli Kirk Price have
opened their summer home on Beth-
lehem pike, Chestnut Hill, until July
when they open their cottage at Win-
ter Harbor, Maine.

Mr. and Mrs. Elias H. Moore, and
son, Harold, of Prospectville, and Mr.
and Mrs. Alan Mathias, of Ambler,
spent Sunday with Mr. and Mrs. George
H. Mathias, of Paoli.

Miss Elsie McKinstry entertained
about forty guests from Doylestown,
Hathor and Jenkintown, Saturday in
honor of Mrs. William L. Fanshawe,
of Doylestown, and Miss Marion Gar-
ner, of Hathor. The guests spent
the afternoon at the home of Mrs.
William N. Thomas, of Hathor, won the
first prize, Mrs. George Shellenberger,
of Doylestown, the second, and Miss
Rachel Stuckert, of Doylestown, the
consolation prize.

Invitations have been issued by Mr.
and Mrs. Warren Randolph Birchall,
of Emien and Horter streets, Ger-
mantown, for the wedding of their
daughter, Mary Alice, to Perry B.
Straussburger, of Norristown. The
wedding will take place at St. Mich-
ael's church, High street, Germa-
ntown, on Saturday, June 3, at half
after noon. Mr. Straussburger is the
younger son of the late District At-
torney Jacob A. Straussburger.

PLANK STOPPED TRAIN.

As the Reading train which arrives
at New Hope about 6 o'clock in the
evening was leaving Abakus station
Tuesday, it came to a sudden and un-
expected stop, and an investigation
showed that there had been an acci-
dent which might have cost many lives
had the train been running rapidly.
As the train pulled out, it appears,
a long and heavy plank which was lay-
ing next the track at the road cross-
ing was picked up, and along the brake
rod and became jammed in the en-
gine's machinery near the tender in
such a way that one end jammed into
the fire and stopped the train.

The plank was removed and the
train went ahead after a half hour
delay.

Davisville—Southampton

The life and drum corps has ordered
caps as part of their uniform.

Arrangements are being made to
place electric lights in Davisville
church.

L. J. Fitzpatrick is doing consider-
able work at the Wilmer place in
Horsham.

Mrs. Edward Radcliffe is staying at
the home of her parents, Mr. and Mrs.
William S. Radcliffe, of Hallowell.

Davisville Baptist Sunday school
has purchased a piano. The school
will observe children's day, June 11.

Mr. and Mrs. Russell Clayton and
son, Harold, of Langhorne, spent the
week's end at the home of George
Clayton.

The vandervell show that is being
arranged for the benefit of the base-
ball club has been postponed from
May 27 to Saturday, June 3rd.

Residents along Second Street pike
between the railroad and tollgate,
are getting together and raising funds
to oil the roadways of the town.

L. Lauer is assisting in the work of
enrolling contributing members to the
Southampton fire company. Every re-
sident should join.

The water engine of the Southamp-
ton fire company is being painted and
everything will be ready for the
parade on Decoration day morning.

The ladies are very much encourag-
ed in their efforts towards the bake
and candy bazaar, Saturday, May 20th.
For the benefit of the fire company.

On Monday, Tuesday and Wednes-
day night of next week, a vaudeville
entertainment will be given in a tent
for the benefit of the fire company.

Elder S. H. Durand, of the South-
ampton Baptist church will be absent
from his pulpit next Sunday morning.
The church will meet for prayer and
conference as usual in the absence of a
minister. A good attendance of the
membership is desired.

E. Bateman has erected for Curwen
Shelmeir, of Huntington Valley, in the
Hathor cemetery, a handsome monu-
ment and enclosure about his lot. Also
a granite tablet for Mrs. Winfield
Yates. The granite work is very
busy with orders to be placed in the
various cemeteries in this vicinity.

The baseball game at Southampton
on Saturday, May 20, between the
home team and Radnor A. C. was one
of the best ever witnessed around
this vicinity. The game was won 7 to 5.
Both teams played like professionals
and the masterful pitching of H. Gill
was loudly applauded. H. Parker was
a regular demon behind the bat and
his hands were badly bruised in hold-
ing Gill's rapid fire. Albert Cornell
was a wonder at the bat, and is de-
veloping into one of the best hitters
on the team. He has been taken out
of left field and holds the base. Wil-
liam Herman had the fans on the
edge several times with his phenom-
enal catching in center field. St.
Michael's Institute will be the attrac-
tion on Saturday, May 20th. Collec-
tions are still being gathered paid
visiting teams. The boys need help.

WILLOW GROVE

(Continued from Page One)

Miss Emma Kinsey spent several days at Atlantic City.

The canalizing of the Davisville road is well under way.

Several new houses are being erected on the West Willow Grove tract.

Joseph Richards has opened a refreshment stand at Welsh road and Park avenue, opposite the Park.

Mr. and Mrs. William Martin and two children, of Doylestown, spent Sunday at Willow Grove as the guests of Mr. and Mrs. Warren Leidy.

Mrs. Harvey Green has been on the sick list. Mrs. Harrison Green, of Horsham, came to the home to nurse her daughter-in-law, but unfortunately fell and broke her arm.

W. H. Dare, of Hartsville, this week drilled the well 62 feet deep for Harry Dougherty's new house on the Doylestown pike. The house will be erected by E. H. H. Dawson, of Harboro.

Park Superintendent Winkop has issued invitations for a dinner at the casino the night before the past season opens, May 25. This event is an annual one and is attended by many officials.

W. H. Ralston's men have quickly built the walls of William Wilson's new house up to the square and E. Krewson's carpenters are ready to push it to completion. It is located on the Ferguson ground.

The new purchaser of the Fisher property on Terwood road is making extensive improvements to the buildings. A large quantity of shrubbery has been planted and other landscaping done. When completed the property will present a handsome appearance.

McKINLEY

Samuel Washington has been on the sick list for several days with rheumatism.

Wedding bells will soon be heard in our village. Sounds of the phone are whispering so.

A number of our younger element attended the dance at Miss Heger's hall, Jenkintown, on Wednesday evening last.

The Carnation Social held a meeting at the home of Mr. Hulton on Saturday evening last. Business, refreshments and amusements were indulged in to a late hour.

A moving picture show will be held this Saturday evening in the school house, under the auspices of the Ladies' Auxiliary of fire company, No. 1. Do not miss it.

John Murray, of the battleship, Delaware, has been spending several days at the home of Mr. Hulton on Saturday evening last. Business, refreshments and amusements were indulged in to a late hour.

There are rumors of a trolley line through this section to Fox Chase, where we are waiting patiently for this desirable facility. Rumors sometimes begot the idea, and the needs of the people facilitate the possibility.

Jarrettown—Dreshertown
Now for good roads.

The stock nurseries are very busy. Frank Hought is making many repairs to his property.

Miss Catherine McMullin has recovered from her recent illness.

Irvin Hought, of Willow Grove, visited his parents, Mr. and Mrs. F. Hought, on Sunday.

Improvements have been made to the residence of C. B. Roberts on the Welsh road.

Mrs. Thomas J. Lane and son spent Sunday with her parents, Mr. and Mrs. Irvin Rottel.

Painters have been brightening up the house occupied by Thomas Lane, on the turnpike.

Miss Carolyn Nisette, of Philadelphia, visited Miss Gertrude McCormick, over Sunday.

Cephas Ross, from the West, is making a prolonged stay with the family of Harry Ross.

The funeral of Miss Alice McCormick was held from her parent's home, Saturday morning, May 13th.

The lodge of Odd Fellows, known as Upper Dublin, has merged with the Ambler and Fort Washington lodges. The old wheelwright shops, formerly the Neal works are being torn down. At one time an extensive business was carried on at these shops.

Thomas Meehan & Sons are installing a watering system at their nursery. D. F. Marple, of Ambler, has the contract for the work.

On Saturday a public sale of the Rinker farm was held at this place, but as the highest bid was considered insufficient the property was withdrawn.

Mr. and Mrs. John McCormick wish to thank most sincerely their friends for the many kind acts bestowed upon their daughter during her recent illness, and for the sympathy offered them in their great sorrow. This kindness is greatly appreciated and will long be remembered.

During Sunday night thieves burglarized the hotel of James McWhorter on the Germantown pike at Barren Hill. Among the things they appropriated was the automatic telephone belonging to the Bell Telephone Company which contained approximately \$8, and which they ripped from the wall; they used much discrimination in selecting the choicest brands of liquor and cigars to carry away.

HARTSVILLE

HOUSE ROBBED.

While Mr. and Mrs. Peter Cooper, of near Hartsville, were at work in the field, Monday morning about 9 o'clock, thieves entered their home and stole a quantity of clothing, a ring, a watch and other articles. They failed to get any money. Several colored men were seen in the vicinity about that time as suspected.

William Dare has purchased a Maxwell automobile.

Mrs. Milton Heller was a visitor in Harboro on Wednesday.

John M. Darrah is one of the first to have his corn cut.

Mrs. Annie Carr is having her barn and out buildings white washed.

Annie Ramsey and Mrs. Fortia DeCoursey were visitors in Harboro on Monday.

The Woman's Home Missionary Society will meet on Thursday in the church hall.

Mrs. Edwin Jones, of Newtown, is spending a few days this week with her daughter, Mrs. Joseph M. Carr.

Two persons united with the Neshaminy church of Warwick, on Sabbath morning, Rev. A. E. Stuart, the pastor, being present.

At an annual congregational meeting of the Neshaminy Presbyterian church of Warwick, Monday, Washington, Cadwallader, of Warrington, was elected trustee to fill the vacancy left by the death of Jesse McKinstry.

Rev. D. C. Jones, of La Crose, Wisconsin, visited Mr. and Mrs. Stacy B. Beane over night on Thursday last.

He is east as a delegate to General Assembly and attended a class reunion and Commencement at Princeton and renewed old friendships.

The funeral of Mary B. widow of the late Comly Michener took place on Wednesday morning at ten o'clock from the residence of her grandson, Comly M. Storer, Traymore.

Services were conducted by the "Bumstead Friends' Meeting House, at one o'clock, where interment was made.

Rev. W. L. Schmalhorst, pastor of the Bristow church, of Philadelphia, formerly pastor of the Neshaminy church of Warwick has purchased ground of the Log College and will have a funeral home erected thereon.

Work started on Monday and will be pushed along rapidly. Mr. Schmalhorst and family will occupy the same when completed. It is to be hoped that country life will again prove beneficial as some of his family have been ill ever since they moved to the city.

EUREKA

Mrs. J. Warren Carver, Sr., is on the sick list.

TREVOSE

Referring to certain thefts at Trevoze, mention of which was duly made in these columns; Carlo Damiano was convicted at Doylestown on Tuesday and was sentenced to two years in prison.

The very delicate relationship between those phases of the human brain under the scientific definitions of idiosyncrasy, eccentricity and insanity are brought again forcibly to mind by your article upon page ten in the last issue.

It is without doubt quite true that few people, outside of those who have actually come in contact with the insane, know little or nothing of these unfortunate. Or how closely allied is the study of the human soul or mind, through its physiological interpretation, the body and the hallucinations of these asylum patients.

Nor the sometimes tangible, sometimes intangible mentalities of either the sick or the well, by which mental experts form a base and deduce conclusions as to the sanity or insanity of divers and sundry persons.

The writer was formerly in the employ of Doctor Carlos F. MacDonald, who was insanity expert for the government against the assassin, Gaudin, murderer of James A. Garfield, our President.

It may be remembered that Doctor MacDonald appeared for the people in the case of the relatives of the late John White against Harry Thaw.

Next week, Providence permitting, a brief account will be given of Martin Trevoze, sometime head gardener for Lord Hope, of Dublin.

Ever notice how many sweet ones leave the trains at Tigoga? Swell place right, as most of 'em wear those white Leghorn hats, very chic and all that.

The male population can play some ball and have won the title of "Tigoga Champions." They were here on the 14th and met our lads who lead the simple life.

As a ripping game and the new cork ball gave Lingerman, Vansant and Shoemaker, of the Trevoze nine, an opportunity to show off.

Indeed, they soaked the ball good and plenty. Bob Worthington, tall, stately and cool as ice, pitched us to victory, being incited thereto by Clarence Van Sant who caught him superbly.

Schultz pitched for the Champions and William caught him. Trevoze 10, Tigoga 7. There will be another round with the Tigogas on the twenty-first.

(21st). Same time and place as last game. These fellows have a big rep so you want to be on the job. Remember the name, "Tigoga Professionals."

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound and imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Halls Catarrh Cure. Send for circulars, free.

Philadelphia Business College Graduates Render Service That Satisfies

Last week this man was very much perplexed. His incompetent stenographer had written him a letter in which he told him to go to the Philadelphia Business College and get a good paying position. He did them for ideal office specialists. The busy man is always more than satisfied with the services rendered by graduates of this college. He gives them the best of his time and calls for them for all his business. Not a detail is omitted from their training; and when finished they are quick, accurate, efficient and capable to assume any office responsibility.

THIS MEANS RAPID ADVANCEMENT AND RAISES IN SALARY

We have four practical business courses—Business, Shorthand, Secretarial and Combined. Any one will fit you for a good paying position, because we receive on an average five calls for graduates as we are able to fill. Call or write at once for our Booklet, stating the profession you wish to follow. We will help you if you are willing to learn.

OF INTEREST TO FARMERS.**TIMELY TOPICS OF PLANTS AND
PESTS DISCUSSED WEEKLY
By H. A. Surface, State Zoologist of Pa.****DO NOT SPRAY BLOSSOMS.**Prof. H. A. Surface, State Zoologist
of Pennsylvania, and President of the
State Beekeepers' Association, issues
an important and timely warning
against the spraying of trees or plants
while in bloom. He says, "It is sur-
prising that there are a few persons
who yet speak of spraying blossoms or
spraying trees while in bloom. This
is a practice that cannot be too
strongly condemned. No one should
at any time spray trees or plants
while in bloom, especially if they ex-
pect to produce a crop by so doing.""Spraying while in bloom not only
kills the bees and other insects that
are necessary to carry pollen from
flower to flower, and thus insure the
setting of the fruit, but it is also
liable to injure directly the young
and delicate fruit itself, and thus re-
sult in lessening the crop. Not only
this, but it has been proven that ef-
fective and satisfactory results in the
control of pests cannot be obtained by
spraying while in bloom for two rea-
sons: (1) There are no pests that
must be treated by spraying at this
time; (2) the stamens or staminal
organs in the flower fill the calyx
to such an extent while in bloom that
the pollen does not readily enter the
cup and the cooling mucus, which later
enters at this place, is not controlled
or destroyed so surely as though the
spraying were done after the blossoms
have withered or fallen.""The chief pest for which spraying is
done shortly after blooming is the
codling moth, which uses the wormy
pome fruits, or apples, pears and
quinces. For this two pounds of ar-
senate of lead should be used in each
fifty gallons of liquid, whether this be
water, or the Bordeaux mixture, or the
extra-dilute lime-sulfur solution. To
avoid killing the bees as well as to
avoid injury to the blossoms by the
action of the spray liquid, and insure
the penetration of the liquid to the
place where it is needed, the spraying
should be done only after the blossoms
fall. To insure greater effi-
ciency it can be repeated in about a
week or two after the first application.""We are coming to recognize more
and more the importance of the
Honey-bee, not only as a producer of a
most delicious and healthful food for
mankind, but as an essential agency
to profitable fruit-growing. Our most
extensive and successful orchardists
make every effort to keep bees in or
near their orchards. There are many
kinds of fruit that would not be fru-
itful or fertilized if they were not
planted near other varieties, and if
some agency were not effective in car-
rying the pollen from one to the other.
It has been proven that large blocks
of almost any kind of fruit are not
nearly as productive as are those
planted in strips of a few rows each,
alternated with other varieties.""This shows the necessity of man-
kind co-operating with Nature in pro-
viding for the transferring of pollen or
flower dust from one blossom to an-
other. It is a very thoughtful person
who would spray while in bloom, and
thus destroy the most useful ad-
just to fruit growing, viz., the bees,
in insuring this natural and necessary
transmission of pollen."Fortunately, the present definite legisla-
tion in Pennsylvania is provided
against the practice of spraying while
in bloom."Many reports from various sections
of this State of damage to fruit trees
from the ravages of the Bud moth are
reaching Prof. H. A. Surface, State
Zoologist, and for the benefit of such
fruit growers as do not know this
pest the following letter of Prof. Sur-
face may be instructive:"We have received and examined the
infested apple shoots which you sent,
and find that the larvae or brown
worms which they contain are the
young of the insect known as the Bud
moth (*Metocera cecellana*). This is
a very common and remarkably de-
structive insect, which is not often re-
cognized or noticed, and for the re-
medy of which but little has been said.
However, it deserves very conside-
rable attention from our fruit growers."its life history should be understood,
and the remedies for it should be ap-
plied promptly in the early spring, or,
in other words, at this time of year."The larvae of the Bud moth pass its
winter in the silken tube attached to
the twigs of the trees. The little
tube can often be seen by persons
who watch closely for them. It is my
own custom to look for these on my
trees when pruning, and pick them off
by hand. About the time the buds
are opening, the larvae crawl to them
and gnaw into them, and enter them
as you have observed. Where they are
especially destructive because they
are feeding upon the parts which
would otherwise be destined later to
develop into growing branches. This
terminal growth is destroyed. The
leaves are eaten, and because this is
done while they are so very young
the damage is much greater than
though they were older. Later in the
year the leaves are held together by
silken webs, while the larva feeds be-
tween them."There are two or three broods per
year. This larva transforms into a
little brown cocoon in a cluster of
leaves, hidden by its web. From the
cocoon comes a little brown and
gray moth, which flies, and lays
its eggs on other very young and ten-
der bud tips, and the larva of the
next brood live in a similar manner.
Thus you can see they really can be-
come very destructive."The best remedy is to spray with an
arsenate of lead. When most of the
little tubes are seen attached to the
twigs of apple trees, it is advisable to
add two pounds of arsenate of lead to
each fifty gallons of liquid lime-sulfur
spray, and apply this about the time
the buds are swelling, or commencing
to burst. This lime-sulfur spray can
be used as strong as for the San Jose
scale, and will kill the scale, while the
arsenate of lead will kill the pest."After the leaves are out I recom-
mend spraying with two pounds of ar-
senate of lead in fifty gallons of the
diluted lime-sulfur solution, which be-
comes a mild contact insecticide, and
to a fungus. To make this, dilute the
strong concentrated lime-sulfur
either home-bottled or commercial,
with forty times its bulk of water. The
best time of year for spraying for the
Bud moth is about the time the buds
are bursting. One does not need to
use the lime-sulfur solution, but can
destroy this pest by using two pounds
of arsenate of lead in each fifty gal-
lons of water."In order to combat insect pests suc-
cessfully, one should know something
of the life history of the pest. The fol-
lowing description of the Apple Aphid,
contained in a letter by State Zoologist
Surface to one of his correspondents,
is interesting, since it gives valuable
points on the method of treatment of
this pest, which is now making its
appearance in the orchards of this
State:"We have received the apple cut-
tings which you sent and find the
twigs badly infested with the eggs of
the Apple Aphid or Plant louse. These
eggs are small dark shining objects,
which are perceptible to the unaided
eye upon close inspection. From
them there will hatch, before the end
of April, small dark green aphids or
plant lice, which are sucking insects,
and will commence to feed at once by
sinking their long sharp bills into the
young leaves, just peeping forth from
the buds. They do a great deal of
damage, as they poison the leaves, and
cause them to become deformed and
curled very much out of their original
or normal shape."Within these curled leaves the plant
lice live and thrive very rapidly, giv-
ing birth to living young at a rapid
rate for many generations. The curled
leaves of apple are chiefly due to this
cause, and are commonly seen at the
time when it is too late to reach the
pests within them that have caused
the trouble. Two or three years ago
the injury to apple trees from this
cause amounted to many hundreds of
thousands of dollars in this State
alone."The best remedy to apply is a com-
paratively mild contact insecticide,
such as an emulsion of whale oil soap in
five gallons of water, or two gallons
of strong lime-sulfur solution in fifty
gallons of water, or a kerosene emul-
sion containing eight or ten per cent.**Aches, Sprains, Bruises, Stiff-
ness, Soreness, Neuralgia,

kerosene, or a very strong tobacco de-
coction, made by steeping for two or
three hours one-half pound of tobacco
in each gallon of water.The time of making the application
of the spray liquid is very important.
To be most effective, this must be
after the eggs hatch, which will be
now very soon, and before the pests
cause the leaves to commence to curl,
which will be about the time the blos-
soms are expanding. If you will ex-
amine the trees from which these
twigs were taken, you will doubtless
see the little dark-colored crawling
lice now on the burning buds. Go
ahead and spray them with one of the
materials herein mentioned, and you
will find a wonderful improvement in
the vigor and productiveness of the
trees. This is the best time of year
of all to destroy these pests."**ENEMIES OF APPLE TREES****Diseases and Insects Against Which
Watch Must Be Kept.**One often finds in May or June, on
the limbs of apple trees, compact, silken mounds, or tents,
containing a large number of hand-
some caterpillars. These are the
eggs of the Apple Worm, which has been known
for many years as pest caterpillars.
The eggs are deposited during July
in compact masses around the twigs.
After they are laid the parent moth
secretes a silken liquid which hardens
over the eggs as a protection. The in-
sects remain in this state until the
following spring, when they hatch in
to young caterpillars."These insects feed on the foliage
for about six weeks, until they be-
come fully developed, when they leave
the tree and seek some place to pa-
rate in. Two or three weeks later the
moths appear, and in a short time
deposit the eggs, after which they
soon die. Thus there is but one brood
each season."Apple orchards are attacked by
many diseases and insects. System-
atic spraying protects the trees and
increases crop production. The com-
mon apple diseases are apple scab,
sooty blotch, leaf spot and canker.
The insects are of two kinds: (1)
Fruit and leaf-eating species (in-
terworms, codling-moth worms, case-
bearers, etc., and (2) sucking insects,
as scales and plant lice.Plant diseases are controlled by
Bordeaux mixture; leaf-eating insects
by poisons, and sucking insects by
soapy mixtures.**STATE EXPERTS TO SPRAY****Local Orchards to be Scene of De-
monstrations.**The Division of Zoology of the

for such insects as codling moth, cur-
culio, canker worm, bud moth, and

"SPIRIT" HUMOROUS SECTION

Refrain of Old Song.

A True Sport.

An Infant Industry.

Where the hair ought to grow.

Hamlet's Soliloquy.

"To Make a Long Story Short."

Jones-I'll bet you a dollar I strike the ground first!

"Well, old fellow, are you going to the organ recital in the saloon tonight?"

"No, thank you! I am having all the organ recitals I need."

"We want to loan this money in our own neighborhood, where it will do us all good."

If you want a loan, name the amount, the security you offer and you will find us liberal and courteous.
